Carver High School

Again it's news time and we're reporting latest events happening at Carver.

Mr. J. T. Butler, our Principal, attended the inauguration of Dr. Daniel, President of Virginia State College, on Saturday. The event was quite regal he reports, with all the state dignatories attending.

As a result of our physical education fee which everyone paid, we are securing more athletic equipment which will make the course even more interesting, and improve participation in the activities. We are getting a shuffleboard set, croquet set, rope quoits, badminton, archery, more basketballs, volley balls, soft balls and bats. We will be glad when they arrive.

The annual Achievement Day exercises will be held this Friday at the high school. In addition to the booth and crop and livestock exhibits, there will be a tractor driving contest. 4-H Clubbers from all over the county will assemble here. The Achievement Day has grown so fast that if it doesn't stop, it will soon be a county fair.

The characters for the play, "Good Gracious Grandma" were chosen after ty-outs. They are, Gertrude Mickle, Charles Jeffries, Donald Doss, Edna Williams, Helen Lee, Eugene Harris, Norvold Watkins, and Lelia Mozee The play will be presented in November.

The Carver Chapter of N. H. A. met September 22, and the outgoing president, Gertrude Mickle, presided. Thirty-five members comprise the Carver Chapter and they are striving to carry out their program of work. Objectives for the year are: To sponsor a Mother-Daughter banquet; plant red roses; observe National N. H. A. Week; cooperate with N. F. A. boys; sponsor N. H. A. ball; observe N. H. A. Day; sponsor Installation Services; purchase American flag and present to school; purchase cooking utensils, draperies, and other equipment for Home Economics Department; present United Nations flag to school, and attend the state convention at Virginia State College for one day. Gertrude Mickle gave a report on her trip to the state convention at Virginia State, and Mrs. V.P. Elliott gave an interesting report on her trip to Baton Rouge, Louisiana, to the National N. H. A. Convention.

The whole Senior talk is about exams. Everyone seems to be studying hard. They don't seem to be worried, however. They're all trying hard to get a good mark to start the school year right.

We're all glad to see Mr. James Clay back with us.

The Juniors seem to be having a time with their French. They're digging for that exam.

Bernice Lewis visited Virginia State last Saturday. She also attended the inauguration of Dr. Daniel. Could it be she saw Leon also?

The ninth grade boys are getting ready for a field trip Thursday. Mrs. Ora Smith, science teacher, now has her science equipment in her new room.

The seventh graders report Virginia Hubbard back after an accident. Priscilla Romez of that grade is very interested in James Williams. Manford Walker is glad he can chat with the seventh grade girls. Maxine Ferguson just smiles at the boys when they pass by. Their health posters on food calories will be complete next week, ready for the bulletin board .

Uncle Sam Says

The life of Abraham Lincoln, whose birthday anniversary we observe this month, provided an example of hope, courage and thrift which is just as important to you today as ever before. And this applies to all of my nephews and nieces. Together with all of that hope and courage each of you possesses, there must be the respect for thrift. And one of the safe, sure ways of saving is by investing in U. S. Savings Bonds. Each $3 invested today will bring you $4 in ten short years. START SAVING IN 1950 FOR 1960.

Out front with the finest
yet priced with the lowest

These days you can't tell from the price tag how much quality a car holds. Ford, for example, is still priced with the lowest . . . yet in other respects it's in the fine car class. Take its styling, for example, for two years in a row Ford has been the recognized fashion leader.

ITS QUIET WHISPERS QUALITY

In quiet, too, Ford compares most favorably with America's finest cars. Its hushed power and "sound-conditioned" body give amazing quiet. And quiet is an unfailing indication of quality.

Like America's finest cars Ford offers you a V-8 engine. No other low-priced car does. Nor does any other car at any price offer you a choice of V-8 or Six engines. And to the budget-wise we might point out that with Ford's "Power-Dome" Combustion Chambers you get high compression performance with regular gas. Another budget note: Ford's V-8 costs hundreds less than most sixes and Ford's Six costs even less.
